NIS COMMITTEE MEETING NO. 71

13 June 1950

DOCUMENT NO.
NO CHANGE IN CL'S
X DECLASSIFI
CLASS. CH. TO: TS S C
NEXT R.V. W
AUTH: HR 70-2
DATE: 25 NOV 1980 REVIEWER: 018645

1. The following were present:

Dr. Appleton	State
Mr. Fletcher	State
Mr. Lydman	State
* Mr. Clinton	Army
Lt. Col. Kiel	Army
Dr. Debevoise	Army
* Maj. Pratt	Army
* Maj. Cowart	Navy
Cdr. Howell	Navy
Lt. Cdr. Nutt	Navy
* Cdr. LeRoy	Navy
* Dr. Burkland	Air Force
Lt. Col. Wade	CIA
25X1A9a [redacted]	CIA
	CIA (Chairman)

* Working level specialist

2. The Chairman reminded the members that when the material available for any given section of the NIS is insufficient to warrant publication in section form, this material should be placed in some other section, such as the introductory section of the chapter. It is the responsibility of the chapter coordinator to see that the working level applies this principle.

3. The Navy member distributed to the State and CIA members copies of proposed Standard Instructions for the Special NIS on Marine Climate and Oceanography and of the FY 1951 production schedule for this Special NIS. The Navy member is also to distribute copies of these papers to the Army and Air Force members without delay. These Standard Instructions will then be considered at the next meeting.

4. The revised Standard Instructions for Chapter III (Transportation and Telecommunications) and Supplements I (Ports and Naval Facilities) and III (Telecommunications) were discussed and approved by the members of State, Navy, Air Force, and CIA. The Army member tentatively approved the Instructions but desired to confer with his agency before according final approval.

Approved For Release 1999/09/01 : CIA-RDP78-05597A000400020031-7

Approved For Release 1999/09/01 : CIA-RDP78-05597A000400020031-7

5. To avoid possible confusion to be caused by renumbering sections succeeding Section 34 (Petroleum Pipelines) and for the convenience of users who might look in Chapter III for material on petroleum pipelines, it was decided to leave the numbering of all sections of Chapter III as it was under the original outline. Following "Section 34 - Petroleum Pipelines" in the Chapter Table of Contents will appear the statement, "See Subsection 62C (Petroleum) and Supplement V (Petroleum)", or, when appropriate, "Not Applicable".

6. Standard Instructions for Chapter I (Brief) were discussed and unanimously approved.

7. The State member distributed copies of a prototype of an NIS index proposed at the last meeting. State is to prepare a more nearly complete index relating to material in its field of primary interest and the other agencies are to do likewise. D/NIS will then consolidate these indexes. Chapter coordinators will use this consolidated index to assist them in exercising their function of coordination. After experience has been gained in the use of the index and any necessary revisions thereof have been made, final decision regarding its use, form, and place in the NIS will be made.

8. Members are to reexamine in their agencies the D/NIS proposal made at NIS Committee Meeting No. 50 regarding action to accomplish production of NIS 45 (Japan) in the field. This proposal will be discussed at the next meeting.

9. The next meeting was scheduled for 1000 hours, Tuesday, 20 June 1950, at CIA.
